The Principles and Practice of Surgery

American Edition Edited by Arthur Dean Bevan, M. D.

NOT LIKE OTHER SURGERIES

Profusely illustrated
Right up-to-date

Complete in one Volume
Cloth, \$6.00 net

The advances in the science of surgery in the last few years have been so rapid and so great that it has been difficult for the Surgeon to keep abreast of the increasing knowledge. This work is a presentation of the scientific principles upon which the practice of modern surgery is based, and it is the most complete, up-to-date work on the subject yet offered.
